- 1 Larissa did a great job of stepping up to the plate this semester and taking over this team! I had a wonderful experience and learned a ton about aphasia intervention. I appreciate her openness in communicating with us and she provided lots of constructive feedback during sessions and meetings. I feel like she lent the appropriate amount of support while still letting me be as independent as possible.

  - 3 I am so appreciative of the time Larissa has spent supervising me. She cares about student outcomes and welcomes feedback and questions. I felt that I was able to be independent in my problem solving and could use Larissa as a resource.

  - 4 I enjoyed working with Larissa this semester. Even though she was incredibly busy, she was a great support when I needed help and always responded to my questions in a respectful and timely manner. I learned a lot from her!

  - 5 Larissa was a great clinic supervisor this semester. I felt equally challenged and supported! I feel like she increased my interest in the neuro field. :) I also feel like she gave 110% as an interim supervisor, even with all of her other commitments.
